## DTC Conferences (DTC) is pleased to announce the launch of the DTA 2010 Conference and Exhibition on the 19<sup>th</sup> & 20<sup>th</sup> May 2010.

Defence Technology Asia (DTA) Conferences organized by DTC since 2003, has held a series of successful events with focus on technologies and developments in Submarine & ASW (SASW), Naval Surface Ships (NAVSA), Coastal Defence (CD) & Maritime Security (MSA), Unmanned Vehicles & Systems (UVS), Homeland Defence (HLD), Satellite Technologies (SATTECH) and Air Defence Technologies (ADTA).

**DTA 2010** will be the premier naval technology event held in the region. DTA 2010 is designed to be the world-class forum in Singapore with focus on Submarine & ASW and Naval Surface Ship Technologies and Unmanned Vehicles & Systems.

**DTA 2010** designed under the theme "**Technology – The Force Differentiator**" will bring leading Defence Organisations and their domain experts in face-to-face interactions with regional Navies and their decision makers to discuss new and emerging Technology Innovations and facilitate the understanding of the needs of the Navies.

2

## The Premier Regional Naval Technology Conference Platform

DTA 2010 will address three vital Domains vital to Naval Forces in Asia and beyond – Submarine & ASW, Naval Surface Ships and Unmanned Vehicles & Systems  
*(These topics are not exclusive and is meant as a guide)*

### Naval and Submarine Platform Technology

- Ship and Submarine Design
- Stealth Technology
- Advanced Propulsion Systems
- New and Evolving Power Systems
- Advanced Combat Systems
- Multi-Sensor Suites
- Radars & Electronic Warfare
- Electro-Optics and Lasers
- Underwater Sensors
- Armaments
- Anti-Air / Anti-Missile Technology
- Guided Weapons & Munitions

### Underwater Weapons and Decoys

- Warfare Strategies
- Anti-Submarine Warfare
- Joint Operations
- Mine Warfare
- Naval Aviation & Operations
- Network Centric Warfare Technology in Naval Domain (Communications & Systems)
- Unmanned Vehicles & Systems Technology in Naval Domain
- Ship Survivability and Safety
- Naval Trainers and Simulators
- Advancements in Maintenance and Logistics

## DTA 2010 Summary of Event

1. Naval Surface Ships (19th & 20th May)
2. Submarine & ASW Asia (19th & 20th May)
3. Unmanned Vehicle & Systems Asia (20th May)
4. Focus Session on Maritime Patrol Aircraft (21st May)
5. Power Workshop - Batteries / Energy Storage (18th May)
6. Maintenance Workshop - Availability-Based Maintenance (18th May)

## Conference Keynote/Featured Speakers

RADM Chew Men Leong  
Chief of Navy, Republic of Singapore Navy

Head Naval Logistics  
Republic of Singapore Navy (Invited)

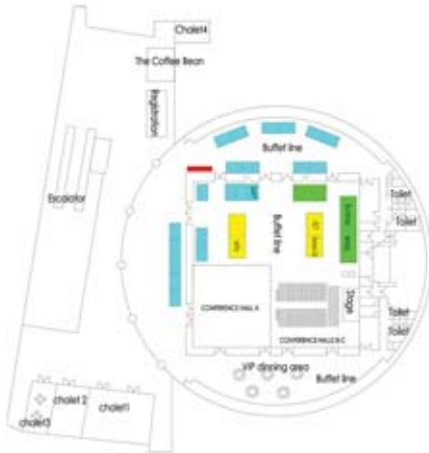

RADM Onofrio Flagiello  
Chief of Office, Directorate of Naval Armaments

Italian Ministry of Defence

RADM (Eng.) Jacques Cousquer  
Technical Director (Naval), Delegation Generale  
Pour l' Armament, France

Dr Francois-Regis Martin-Lauzer  
RADM (FRA N Eng. Corps, Res.), NATO Underwater  
Research Center, NATO

# Exhibit of Naval Technology

5

DTA 2010  
19th to 20th May  
Singapore EXPO

- LEGEND:
- 3 Platinum booth space (3m x 6m)
  - 4 Gold booth space (3m x 4m)
  - 21 Standard booth (3m x 2m)
  - 5 Table space (0.9m x 0.9m)

# Strategic Network Expansion

6

DTA 2010 will provide extensive networking opportunities for your organisation in Asia. We have several formal and informal activities geared towards enabling participating organisations to interact and share knowledge and experiences with key decision makers from the region and beyond.

- Put your CEO on a platform with your top prospects
- Build your brand with the decision-makers
- Give you the best Asian coverage of any marketing channel
- Target your message to your precise audience
- Enjoy worldwide publicity with our global advertising promotion
- Obtain direct access to potential clients during and after the event
- Receive key speaking positions to address an audience of top executives and potential clients
- Distribute permanent reminders of your products or services at the conference

# Focused Naval Domain Workshop/Training

7

- Power Workshop
- Maritime Patrol Aircraft
- Availability-based Maintenance

### Past Event Sponsors

## DTA- 2010 Participation Opportunities

- DTA- 2010 is expected to attract an audience of 300-400 participants, including key naval decision makers and technology strategists from the region and beyond.
- DTC undertakes to bring high profile decision makers from the region to this commercial event. Companies expecting to showcase their leading edge technologies can do so through one of our participation packages.
- Government, Academic and Research establishments are invited to present papers at DTA-2010. *Participation and delegate fees may be waived for papers selected, in this category.*
- DTC has different participation packages which will allow your organisation to maximise its participation value at DTA-2010 conference, workshops and its related networking events.

Please do not hesitate to contact us for any additional information.
