

DTA 2010
Technology · The Force Differentiator
19th - 20th May 2010, Singapore

Media Partners

In Association with Held in

DTA 2010 Exhibition

The DTA 2010 exhibition allows organisations with strategic naval products, strategies and solutions which will meet and enhance the objectives of the Defence Forces locally, regionally and internationally. Exhibitors, Trade Visitors and Conference delegates will be able to interact, share experiences and discuss the latest in naval technology with senior members of key organisations from the region and the world.

Why Exhibit at DTA 2010?

DTA 2010 allows you, a solutions provider to naval organisations, to access and interact with attending Defence related delegates from US, Europe, South Asia and the Asia Pacific who are strategic decision makers, program managers, procurement and program specialists of Naval solutions, products and services in the Defence Domain.

Who Should Exhibit?
