

Homeland and Maritime Security Asia 2005 International Conference

Date: 12 October 2005

Venue: Shangri-La Hotel, Singapore

Homeland & Maritime Security Asia (HMSA) 2005 was the second in the Homeland & Maritime Security Asia series, the first was held in Singapore on the 11th & 12th May 2004 as part of the highly successful Defence Technology Asia 2004 International Conferences & Exhibition. Maritime Security Asia 2004 was held on 12 November 2004.

The objective of the event was to identify and discuss security and defence issues and its impact on the region. The Event was customized to reflect the specific requirements of the Users in the country and the region. It provided an excellent opportunity for all attendees/participants to exchange know-how and share experiences, in application of current leading-edge technology, planning and operations, procurement and logistics in the field of Defence and National Security.

The event was a success and saw strong participation and support from government organisations, military and technology developers from the region and around the world with a total of 136 delegates and 15 papers being presented.

WHO ATTENDED

- Leading organisations in the Defence Industry
- Defence Technologists from Ministry of Defence
- Senior Defence Technologists from Europe, US and Asia

WHY THEY EXHIBITED

Participants of HMSA 2005 expressed that they attended because their Organisation was interested in:

- Presenting specialised topics of interest to Defence Technologists and End-users planning new equipment acquisitions and formulating operational doctrines
- Presenting the unique selling points of the underlying technologies used in their latest product developments
- Having the possibility of a face-to-face dialogue with the key decision makers in the important Asian defence market, during the formal sessions and informal evening events.
