

Defence Technology Asia – Naval Technology Seminar 2009 International Conference

Date: 4th & 5th March 2009

Venue: Marina Mandarin Hotel, Singapore

Defence Technology Asia (DTA) – Naval Technology Seminar (NTS) 2009 (DTA-NTS) 2009 organised by Defence Technology Conference (DTC) is a combination of Defence Technology Asia (DTA) Conference series which has been organized by DTC since 2003 and Naval Platform Technology Seminar (NPTS) which has been organized by Republic of Singapore Navy since 1992. DTA – NTS 2009 designed under the theme "Technology – The Force Differentiator" aimed to bring leading Defence Organisations and their domain experts in face to face interactions with regional navies and their decision makers to discuss naval technology innovations and facilitate better understanding of the needs of the Navies in the region.

Customised to reflect the specific requirements of the Users in the region and beyond, DTA-NTS 2009's content was a fully integrated Event, representing the very latest in capabilities and technologies spanning every aspect of a nation's defence and security needs. The event hosted 3 major Conferences under one roof, **Submarine & ASW Asia 2009, Naval Surface Ships Asia 2009 and Unmanned Vehicles & Systems Asia 2009.**

The theme of the conference was **"TECHNOLOGY - THE FORCE DIFFERENTIATOR"**.

WHO ATTENDED

- Leading organisations in the Defence Industry
- Defence Technologists from Ministry of Defence
- Senior Defence Technologists from Europe, US and Asia
