

Defence Technology Asia 2004 International Conference & Exhibition

Date: 11-12 May 2004

Venue: Raffles City Convention Centre, Swissotel The Stamford, Singapore

Defence Technology Asia 2004 (DTA 2004) International Conference & Exhibition provided a fresh avenue for all participants in the Defence and Security industry to exchange know-how and share experiences, in application of current leading-edge technology, planning and operations, procurement and logistics in the field of Defence and National Security.

The theme of the conference was "Technology - The Force Differentiator". A first-of-its-kind Event, Defence Technology Asia 2004 International Conference & Exhibition brought together four major Conferences under one roof to form the Technology Mega Event of the Year, namely, **Air Defence Technology Asia 2004 (ADTA 2004)**, **Homeland Defence Asia 2004 (HLD 2004)**, **Naval Surface Ships Asia 2004 (NAVSA 2004)** and **Submarine & ASW Asia 2004 (SASW 2004)**.

The Event was a success with over 500 delegates. Regional Defence and National Security organisations from Brunei, Indonesia, Malaysia, Philippines, and Thailand showed strong support with their participation.

Participants

WHO ATTENDED

- Leading organisations in the Defence Industry
- Defence Technologists from Ministry of Defence
- Senior Defence Technologists from Europe, US and Asia

WHY THEY EXHIBITED

Participants of DTA 2004 expressed that they attended because their Organisation was interested in:

- Presenting specialised topics of interest to Defence Technologists and End-users planning new equipment acquisitions and formulating operational doctrines
- Presenting the unique selling points of the underlying technologies used in their latest product developments
- Having the possibility of a face-to-face dialogue with the key decision makers in the important Asian defence market, during the formal sessions and informal evening events.
